Pixum is a registered trademark held by Diginet GmbH & Co. KG. By signing this form I agree with the terms and conditions of Pixum GmbH as on <http://int.pixum.com/agb>, especially with the terms of delivery and I authorise Diginet GmbH & Co. KG to charge my credit card with the amount of this photo order.

1) Please note that CD/DVD orders are only possible for registered Pixum customers. If you're not yet registered at Pixum, please register on www.pixum.com first (click on "online photo albums").

2) As the process is automated, every JPG-file on the CD/DVD will be printed and billed. It is therefore optional to state how many photos the CD/DVD contains in total. Your CD/DVD will not be sent back and will be destroyed after 60 days.

3) We print your photos exactly as your camera captures them. Digital cameras most often use the aspect ratio 3:4. This leads to photo prints not in the format e.g. 10 x 15 cm (=2:3), but 10 x 13.33 cm (=3:4). Therefore, we only indicate the size of the smaller side.

4) Should the prices have changed, we always calculate to your benefit. The order amount will therefore consist of the number of printed photos times price per print (plus shipping costs, processing fee and 1.99 € for CD/DVD handling). Further pricing information online on <http://int.pixum.com/prices>. If you have any questions, please contact our support team: support@pixum.com.

5) The digital photo optimiser (DPO) optimises the print result of JPG files that come directly from a digital camera. If you have scanned or edited the photos, we **strongly** recommend that you do not use DPO, i.e. tick the corresponding box.
