ePHOTOzine reviews Pixum EasyBook

“Quality of final product is excellent!”

Cologne, September 2009

After his recent marriage, Daniel Bell from ePHOTOzine decided to try a Pixum XXL Photo Book to show off the wedding pictures! He tested the Pixum EasyBook and was surprised with the quality of the book.

As a solely photography website, ePHOTOzine has an interest in everything useful to make pictures and to get the best out of your photos. They followed the trend and decided to create a photo book. Quality of image, quality of the book, delivery, service and many more points were all tested and reviewed. Their opinion about the Pixum EasyBook: “I was extremely happy with the results. The Faux leather cover is of extremely good quality and the photos look superb in their satin finish. It is certainly an album I will be proud to show my friends and family and cherish in the years to come.”

This is not the first award given to Pixum for its amazing quality in photo books! This year alone we already have received 3 awards for the UK and several more throughout Europe.
